General Description - Texas Section 50(a)(6) Loan

FNMA B5-4.1-01 FREDDIE 4301.2; FREDDIE 4301.5; FREDDIE 4301.6; FREDDIE 4301.6; FREDDIE 4301.7

- General Description

Note: At underwriter discretion, situations not specifically addressed in this guide may be subject to additional requirements. In addition to MSF published guidelines, all AUS requirements & Agency requirements must also be met.

- Article XVI, Section 50(a)(6) of the Texas Constitution allows first or second mortgages secured by a homestead property for the purpose of taking out equity
- A mortgage originated under this Section is referred to as a 'Texas Equity Loan,' or 'Texas Section 50(a)(6) Loan'
- MSF will accept Texas Section 50(a)(6) FIRST Mortgage Loans
- There are two scenarios that legally classify a mortgage as a Texas Section 50(a)(6) Loan:
 1. a new loan is originated for the purpose of taking equity out (cash-out refinance), or
 2. an existing Texas Section 50(a)(6) first or second mortgage is paid off by a new first mortgage
 - Even if no cash is taken from the transaction, a refinance of an 50(a)(6) must be identified as a 50(a)(6) limited cash-out
- Once the borrower has executed a home equity/cash-out refinance on an owner occupied, homestead property under Section 50(a)(6), Article XVI of the Texas Constitution, all subsequent transactions are considered home equity cash-out refinances until title is transferred, regardless of whether the borrower receives any cash at closing
 - In other words, once a cash-out, always a cash-out
- Restrictions - Are subject to the following restrictions:
 - There can be only one outstanding 50(a)(6) loan on a property at any given time
 - If the borrower has an existing 50(a)(6) second lien and is getting cash-out from the first mortgage, that lien must be paid off
 - The 50(a)(6) loan may not be used to acquire the property or to finance construction
- Summary
 - The following are considered Texas Section 50(a)(6) loans:
 - Loans using proceeds to pay off an existing 50(a)(6) loan
 - Loans using proceeds to pay off federal tax debt liens
 - Loans using proceeds to pay property tax liens on the property securing the new loan
 - Loans with any cash back to the borrowers
 - The following are NOT considered Texas Section 50(a)(6) loans:
 - Loans using proceeds to pay current taxes due on the property securing the loan
 - Loans using proceeds to buy out equity pursuant to a court order or agreement of the parties (usually applies to a divorce settlement)
 - Loan proceeds used to pay a prepayment penalty assessed on an existing non-50(a)(6) loan, and the prepayment is included in the payoff amount. The new loan must have a new title policy issued without exception to the financing of the prepayment fee
 - If the title company requires them to be paid, loans that include the payment of HOA dues
